[NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

Letter Accompanying Petition for Revival of an Application For Patent
Abandoned Unintentionally Under 37 CFR §1.137(b)

This letter is submitted along with a Petition for Revival of an Application For Patent Abandoned Unintentionally Under 37 CFR §1.137(b) to set forth the background of this case.

The first application in this family having Application No. 09/424,976 was filed on December 2, 1999. A Restriction Requirement dated July 5, 2001 was issued in connection with Application No. 09/424,976. The deadline for response was August 5, 2001. It appears that instead of responding to the Restriction Requirement, a continuation-in-part application was filed on August 16, 2001 and was accorded Application No. 09/932,457.

An Office Action dated February 9, 2006 was Issued in connection with the continuation-in-part application having Application No. 09/932,457, filed on August 16, 2001. In reviewing the files, it was discovered that the papers accompanying the filing of this continuation-in-part back in 2001 should have included a petition for a one month extension of time. It does not appear that the request for a one month extension was included when the continuation-in-part application was filed on August 16, 2001.

Accordingly, a petition to revive the continuation-in-part application having Application No. 09/932,457, filed on August 16, 2001, was submitted on February 28, 2006 as soon as this oversight was discovered.

Application No.: 09/931457
Docket No.: BB1116USCIP

Page 2

Applicants were awaiting a decision on this petition. However, after almost five months, Applicants were facing the end of the six month statutory period for response to the Office Action dated February 9, 2006. Since no decision had been received by the August 9, 2006 deadline, Applicants decided to file a continuation application on August 9, 2006. When reviewing the files, it was discovered that the papers accompanying the filing of this continuation on August 9, 2006 should have included a petition for a three month extension of time for Application No. 09/932,457 filed on August 16, 2001.

Applicants respectfully request that the decision on this petition to revive for the above-identified continuation application be considered along with the petition previously submitted on February 28, 2006 with respect to Application No. 09/932,457, filed on August 16, 2001. It appears that in both instances the failure to submit a petition for an extension of time was due to a clerical oversight.

The fee for the three month extension of time is included along with this Letter and the Petition for Revival of an Application For Patent Abandoned Unintentionally Under 37 CFR §1.137(b).

The fee for the one month extension of time accompanied the Petition for Revival of an Application For Patent Abandoned Unintentionally Under 37 CFR §1.137(b) filed on February 28, 2006 with respect to the continuation-in-part application having Application No. 09/932,457, filed on August 16, 2001.

Please charge any fees or credit any overpayment of fees which are required in connection herewith to Deposit Account No. 04-1928 (E. I. du Pont de Nemours and Company).

Respectfully submitted,
